

COLLECTION NOIR

Caring for your piece

Marble, timber and hand worked metal

Every piece is made to order and finished by hand. Veining and ground colour vary block to block, so the piece delivered will differ from the photograph shown.

Wipe with a soft cloth and warm water. Blot spills rather than wiping them across the surface.

Avoid acidic liquids on marble and travertine, including citrus, wine and vinegar. These etch the surface rather than staining it, and etching cannot be cleaned off.

Use mats under anything hot or wet. Do not use household cleaners, descalers or abrasive pads.

Timber is hand oiled and can be re-oiled. Hand patinated bronze will continue to move for the first year in a room, then settle.

QUESTIONS

Write to info@collectionnoir.com and we will advise on the specific material your piece is made from.
